## DEATH OF SQUEAK- ING CHARLEY.

Was Government Messenger  
in Early Days.

Violent End of the Stormy  
Life of a Bad "Injun."

Word was received in Sonoma last week of the death of Squeaking Charley, chief of the Yokayo Indians. His body was found near Ukiah horribly mutilated and the skull crushed. Many of the old timers of Sonoma will remember him as the big athletic runner who served as messenger for the government between the Round Valley military post and Sonoma in the year of 1850. In those days he would travel fifty miles between sunrise and sunset through the then wild and unbroken country, following Indian trails.

Squeaking Charlie was so named because of a peculiar squeak in his voice. He was nearly seventy years of age and was a giant in physique. In his prime he was probably the most perfectly formed Indian in California. At the time of his death he weighed 250 pounds and stood 6 feet 2 inches tall.

Charlie's life was a stormy one. He was a hard drinker, and when he was in his cups he was greatly feared by the Indians. Five times in the last fifteen years jealous bucks in his own and neighboring tribes sought to murder him. Once while visiting the Lake County Indians he started a fight, and his hosts cut him with knives until he became unconscious. Then they threw his body into Clear Lake. The next day the big Indian was around looking for a doctor. In a fight near Ukiah he was disemboweled and walked two miles to have a physician sew him up. On another occasion his throat was dreadfully cut, and old inhabitants still recall the picture of the big Indian coming down State street in Ukiah holding his head in position on his neck with his hands and squealing for a doctor. Still another futile plot to end his life was planned when an enemy filled his glass half full of ground glass. This remarkable portion did not seem to do him any harm.

So many times had he been reported dead that, when his actual murder was accomplished, it was not until the people of Ukiah saw the Indians following his coffin to the burial grounds that they credited the story of his final taking off. The Indians themselves, while Charley's body lay in the Ukiah morgue, refused to believe that his spirit had fled to join the shades of his ancestors till one of their number placed a bottle of whiskey under his nose. When the fumes of the liquor failed to revive the chief they concluded he was "sure enough" dead. He was buried with all the fantastic rites of the Yokayo tribe.

## A Washington Hop Pest

There is a little red spider, microscopic and apparently insignificant, that is bringing more gray hairs to the heads of the hop growers of the White and Puyallup river valleys, in Washington, than all the other troubles they have ever had. The spider is a total stranger to the Government entomologists. They do not know his habits, other than that he is very fond of hops and makes his headquarters on the vines, which he soon robs of their vitality, turning the leaves a dead brown, poisoning and taking all the virtue out of the plants. He starts at the top of the poles and works downward, carrying destruction in his path. This spider evil has been getting worse annually for three years.

Japanese employed as section hands by the Southern Pacific railroad in this section have not proved a success. The railroad will have to pay higher wages to get good white employees.—Democrat.

This berry is a new one, just out a couple of years and is from one to two inches long when green and after it is dried the shrinkage is but slight and there is no doubt but that it will prove satisfactory for market trade.

Robert Linebaugh of Anny town ship has sold \$371 worth of apples from one acre of orchard and still holds 450 boxes of fruit from the same trees. G. N. Hawes of the old Sanborn place, comes a good second, as he sold \$683 worth of green Gravenstein apples from a two-acre orchard. ## PURE BLOOD IS VITAL

Not everyone realizes the vital necessity of keeping the blood pure at all times. Impure blood not only causes various derangements and inability to perform one's work well, but gives a ready welcome to all germs of disease with which it comes in contact. It is the rankest extravagance to allow the human blood to remain in an impure or impoverished condition. "Our Standard Remedy" is the safest, purest and best blood purifier on the market to-day. It is a new remedy, a purely vegetable preparation composed of roots, barks and herbs, and contains no calomel or other injurious or metallic drug. 204 doses for \$1, with a written guarantee that your money will be refunded if you are not cured of all troubles caused directly or indirectly by bad blood. You can purchase this wonderful new remedy at Clewe's. John McNeil, sole agent for Sonoma County, Ohm's Sulphur Springs, Sonoma.

## Patsy's Mistake

"Patsy" of El Verano in his last write up made quite a mistake in regard to where Mr. Weaver's thoughts were, for he never lets his mind become so absorbed in other things that he does not know what horse he is shoeing. He shoes the best and most valuable horses in the valley as well as the poorest. He is strictly up-to-date and can put on the heaviest as well as the lightest plates.

## EXONERATED AGAIN

The charge of "felonious assault" preferred against W. C. Nolan, Principal of the Sonoma Grammar School, by Mrs. Dal Poggetto for having punished her boy at school for violating the rules of the school, was withdrawn by the complaining witness, the evidence in the case not warranting any such charge.

Mr. Nolan was afterwards re-arrested on a charge of battery. The hearing of the case was set for Saturday morning at nine o'clock. Adjournment was taken to allow Constable Ryan to secure a jury.

The selecting of the jury and the taking of testimony continued until late in the evening.

A number of witnesses for the prosecution were called and it was brought out by their testimony that the boy, Newton Dal Poggetto, was punished by Principal Nolan for having violated the rules of the school in having had a fist fight at the school with another boy.

Being caught in the act, the boys were asked to come into the school house. They immediately obeyed. They went into the library room and were followed by Mr. Nolan who punished both boys for their wrong doing. They were both whipped with a strap about 15 inches long and an inch and a half wide.

After hearing all the testimony, much of which was conflicting on the part of the witnesses for the prosecution, the jury unanimously decided on the first ballot that Principal W. C. Nolan was "not guilty."

It was also brought out by the testimony that Newton had been punished several times before by Mr. Nolan, for the same offense and that no objections have ever been entered on the previous occasions to the teacher's doing his duty in enforcing discipline.

The jury was composed of ten of Sonoma Valley's best and most reputable citizens and their verdict was met with an outburst of applause by the assembled crowd in the court.

The trial was held in Union Hall. Assistant Dist. Attorney R. L. Thompson assisted by T. J. Butts, who had been employed as a special counsel to fight for a conviction, prosecuted the persecuted Principal and Attorney W. F. Cowan of Santa Rosa and Frank Sprague of Sonoma defended him.

## Business College Opens

The Santa Rosa Business College opened Tuesday morning with the largest attendance for an opening day on record. Between forty and fifty young people from all over this section of the state were enrolled and President J. S. Sweet expects that the enrollment for the coming year will be the greatest. Sonoma is represented at the college by Ralph Perkins, who left for the county seat Monday morning.

## LEFT FOR FRUITVALE

Mrs. Fraser and daughter, Miss Eva, left Wednesday morning for Fruitvale where Miss Maud Fraser is filling a position in the High school. The Frasers have won a host of friends during their residence in our city who are very sorry to part with such good citizens.

## Biggest on Record

There never was a time in the history of the California Northwestern railroad when a bigger freight business was being done. Taking into consideration the passenger traffic has also been very good, but not as large as it would have been but for the fire last April.

## DEMOCRATIC CONVENTION

A large and enthusiastic meeting of Democrats assembled in convention in Germania Hall, Santa Rosa, last Wednesday, nominated a complete ticket with exceptions as voted below, and adopted a platform on which the party candidate will stand.

The atmosphere of harmony and good prevailed throughout the meeting. Hon. A. B. Ware of Santa Rosa acted as chairman of the convention, and Hon. E. E. Dreas of Petaluma, was chosen secretary.

The usual committee on credentials, order of business and organization were appointed by Chairman Ware.

The committee on Credentials were: G. P. Hall, Martin Muldry, John O'Grady, E. S. Palmer, W. J. Walker, E. E. Dreas, J. B. Sheperd.

Order of Business:—Col. L. W. Julliard, R. P. Hill, R. E. Tarr, A. M. Johnson, J. F. Prestwood, W. D. Houx, C. L. Gardella.

This latter reported to the convention after a recess had been taken and asked that convention nominate legislative candidates and select delegates to the State Convention and then adjourn to Sept. 18, at which time a full county ticket would be nominated. This part of the committee's reports was rejected and the motion prevailed to nominate a complete ticket there and then.

There was but one contest in the convention. Miss Minnie Coulter and Prof. McMeans, both desired the nomination for Supt. of Schools. Upon a ballot being taken, Miss Coulter received the honor by a vote of 105 to 79.

## THE SECRET OUT.

### A Wide Open Statement.

To refute the many false and malicious attacks, bogus formulae and untruthful statements published concerning Doctor Pierce's World-famous Family Medicine, the Doctor has decided to publish all the ingredients entering into his "Favorite Prescription" for weak women and his equally popular "Golden Medical Discovery." Hereafter every bottle of these medicines leaving the great Laboratory at Buffalo, N. Y., will bear upon it a full list of all the ingredients entering into the compound. Both are made entirely from native medicinal roots. The ingredients of the "Golden Medical Discovery" being a non-alcoholic extract of Golden Seal root, Queen's root, Black-cherry bark, Mandrake root, Blood-root and Stone root, preserved by chemically pure glycerine.

Dr. Pierce's Golden Medical Discovery, being made of native medicinal roots, is next to Nature and is the best tonic you can use. It fills the blood with rich, red blood corpuscles. It gives you a feeling of strength, and it puts sunshine into your system as no other remedy can. That is why Dr. Pierce's Golden Medical Discovery has been such a favorite for the past forty years. No man or woman can be either healthy or handsome who has impurities in the blood, for it will show in pimples, boils, and eruptions in the dark circles under the eyes and in the sallow complexion. After taking "Golden Medical Discovery" you are bound to have pink cheeks and a fresh complexion. The muscles get the good, rich, red blood, that puts on strength. It is a flesh builder, but not a fat builder.

As an example of the good results thus obtained, note the following letter:—"In the year 1891, I had an attack of indigestion and got so bad that my home doctor said I could not do any good," writes Mr. G. Trent, of Gardenville, Texas. "I wrote to you and you kindly sent me Dr. Pierce's Golden Medical Discovery, so I bought six bottles, and when I commenced using it I was so weak I could hardly walk about the house. By the time I had used one bottle my stomach and bowels commenced to heal. There were strips of the lining of my bowels as large as a man's two fingers passed and I had a great deal of misery in my stomach and bowels, and also in the rectum especially. I could not eat anything without having much distress afterward, but by the time I had taken eight bottles of the 'Golden Medical Discovery' I was sound and well, and could eat anything I pleased without suffering in the least. Could also do as much work in a day as I ever could. I have not suffered from the trouble since."

### MEDICINES OF KNOWN COMPOSITION.

If suffering from an obstinate malady which would one naturally prefer to take, a medicine of known composition, every ingredient of which has the endorsement of the most eminent medical practitioners and writers, or one which, for aught you may know, may be made up of very inefficient and even harmful agents? Is it not best to insist upon knowing what one is taking, as is every one's right, whether being prescribed for by the family physician or making use of a proprietary remedy? They think so, especially in view of the disparaging articles concerning various advertised remedies with which the drug and medical journals have been filled for months past. Doctor Pierce courts the severest criticism of the medical profession as to the value of his published formulae, confident that he will receive fair treatment from all fair-minded, well qualified brethren of the medical profession who cannot be blamed for not endorsing medicines of the composition of which they and the people are kept in ignorance.

These are the Original Little Liver Pills, first put up over 40 years ago, by Dr. R. V. Pierce. They have been much imitated but never equaled. Smallest, easiest to take and best. They are sugar-coated, anti-bilious granules, a compound of refined and concentrated vegetable extracts. Without disturbance or trouble, constipation, indigestion, bilious attacks, sick and bilious headaches, and all derangements of the liver, stomach, and bowels are prevented, relieved, and cured. Permanently cured, too. By their mild and natural action, these little pellets gently lead the system into natural ways again. Their influence lasts.

## Want Wages Raised

Men employed in the train service on the California Northwestern railroad are signing a petition for presentation to the heads of the company asking for a raise in wages on a scale of twenty per cent. Those in the list asking for the raise are the engineers, firemen conductors and brakemen on the passenger and freight trains. The railroad is also asked to reduce the twelve-hour day of the freight men to ten hours. Attention is also called that the men do not get as much wages, lacking about a fourth, as their brothers on the Southern Pacific do. The California Northwestern men say that they have to work much harder than the employees of the Southern Pacific.

Later:—The request of the men has been granted as far as it concerns carpenters, blacksmiths and helper. The petition for conductor, brakeman, etc. has not yet been presented.

Her many friends throughout the Golden West will be delighted to learn that she has received that honor, which her ability, faithfulness and conspicuous services won for her.

**Gillett for Governor.**  
The Republican State Convention which met in Santa Cruz this week nominated Congressman Gillett of Humboldt County for governor on the first ballot. A few of the big politicians desired to defeat Governor Pardee for re-nomination. Why, we have never been able to learn, as Geo. C. Pardee has been a good executive for the past four years.

The convention then proceeded with the nominations which were as follows:

# Lewis-Humphreys Nuptials

Prof. T. A. Lewis, Vice-Principal of the Sonoma Valley Union High School and Miss Alice Humphreys of the Sonoma Grammar school, were united in the holy bonds of matrimony last Saturday evening, Sept. 1, 1906, at the home of the bride's sister, Mrs. W. H. Walker, in Oakland.

The wedding was a very quiet affair only the relatives and a few intimate friends were present. Rev. St. John Scott of the Episcopal Church performed the ceremony, after which an elaborate wedding supper was heartily enjoyed.

The happy couple returned to this city Monday evening and have taken apartments at "The Good-man" on Broadway.

Both Mr. and Mrs. Lewis are held in high esteem by a wide circle of friends, who wish them a blissful and prosperous journey through life.

**Races and Ball**  
The Sonoma Driving Club will give another fine racing meet Monday afternoon Sept. 10, 1906, at the track on 1st St. West.

There will be four or more good races and some lively stepping is expected as several first class horses have been entered.

A grand ball for which elaborate preparations are being made will be given in Union Hall in the evening. Excellent music has been engaged and a fine time is assured to all who attend. Admission 50 cents per couple. Extra lady 25c.

**Large and Luscious**  
It is not often that extra large fruit has the same fine flavor that the medium sized or smaller fruit of the same variety, but Mr. Jos. Bergier brought to this office this week from his mountain ranch near Glen Ellen, a box of apples which were as large as watermelons, almost. They were untenant and the flavor could not be beat.

Three apples made enough apple sauce for a hungry family of six. Thanks, neighbor Bergier, we commend your skill as a horticulturist. But of course prolific soil and excellent climate of Sonoma valley is entitled to some credit for the product.

**Historical Horse**  
What was probably the last of the late Gen. Vallejo's string of horses died last week at the John Nordwell ranch on Sonoma mountain. Over twenty two years ago John Nordwell bought of the late General Vallejo a fine matched team. The other one of the team died over a year ago and now the team has passed away. The age of the team is not known, but the animal that just died is supposed to have been about thirty-two years old, and had been doing regular work on the farm up to within few weeks ago.

**M. E. Church.**  
On account of the conference just being held at Pacific Grove, which the pastor has to attend, there will be no services in the M. E. church next Sunday, Sept. 9th, nor on the following Sunday, the 16th inst. Sunday school will be held as usual on each of the above dates, and the prayer meeting will be held on each Wednesday night, to be conducted by Mr. McGimsey.

**Supervisors in Session**  
The supervisors began their monthly session with Chairman H. W. Austin presiding. Supervisors Hart, McMinn and Armstrong were present.

Road Commissioner Hart's bills allowed as follows: Agua Caliente, \$245.50; Glen Ellen, \$235.60; Lakeville, \$169.45; Penngrove, \$678.22; San Luis, \$193.50.

# The Gans-Nelson Fight

We do not care to deal at length on questions of this kind. The Gans-Nelson fight ended in the forty-second round by the defeat of Nelson on a foul. Before the fight the odds in betting had been in favor of Gans, by about seventy-five per cent.

It was the consensus of opinion of the sporting writers of the San Francisco papers that there was no question about the foul nor how it occurred which was in the forty-second round of the contest and consisted of an "upper cut" blow started by Nelson, from about the line of Gans' knees which put Gans out of business.

From the 28th round both men had been practically unable to do each other much injury. During the entire fight (which appears to have been a question of skill by a Negro against persistent force by the Dane). The Dane according to reports continually used his head in "butting" Gans in the face. It may not be improper to remark that this is the first time that we have ever heard of a colored gentleman getting the worst of an argument at the "Goat game."
